2. Parents are required to clear their dues of July & August by 10<sup>th</sup> July, 2018.
3. During Summer Vacations please include following points in your day to day activities so as to groom your child mentally as well as physically.
  - Parents are required to make their child work in academic or non-academic
  - Spend Quality Time with your child.
  - Encourage your child to go for walks and observe what is around him/her. Ask the child the colour and shapes of trees, buildings and objects at home and wherever you go.
  - Encourage him/her to ask questions.
  - Speak to your child in English to improve his/her communication skills. Ask him/her questions and see that he/she replies in complete sentences.
